REGISTER DENTAL HYGIENIST | SPECIALIST IN PERIODONTAL HEALTH AND PATIENT EDUCATION

Licensed Dental Hygienist in Florida with over 15 years of clinical experience, including work as a dentist in Colombia. I specialize in periodontal health, prevention, and patient education, with a strong passion for empowering patients through education. Through personalized treatment plans, I have helped over 80% of maintenance patients improve their periodontal control. I work closely with multidisciplinary teams, bringing clinical expertise, empathy, and a constant commitment to excellence. Passionate about continuous learning and education, I implement the latest research to provide the best care and improve patient outcomes.

PROFESSIONAL EXPERIENCE

Sweet Hart Dental

Register Dental Hygienist

Pembroke Pines, FL, USA

Sept 2024 - Feb 2025

- Specialized in periodontal therapy, including scaling and root planing, while focusing on patient comfort and education. Consistently contributed to monthly production goals, achieving between 55% and 58% of total office revenue through hygiene services.
- Introduced iTero scanning to enhance accuracy in digital impressions and support more precise, patient-centered treatment planning.
- Optimized periodontal charting protocols, reducing documentation time by 25% and improving diagnostic consistency, which contributed to faster treatment planning and enhanced clinical outcomes.

Smile Design Studio - Palacin Dental Group

Register Dental Hygienist

Davie, FL, USA

Jul 2024 - Sep 2024

- Delivered comprehensive hygiene care with a focus on periodontal assessments and personalized patient education to support long-term oral health.
- Led improvements in infection control protocols, ensuring full compliance with OSHA and CDC standards and reinforcing patient safety.
- Excelled in a high-volume setting, balancing efficiency with consistent, high-quality patient care and attention to detail.

Coral Springs Family Orthodontics P.A

Register Dental Hygienist

Coral Springs, FL, USA

Jul 2024 - Dec 2024

- Provided comprehensive oral hygiene care for pediatric and adult orthodontic patients, ensuring periodontal health throughout orthodontic treatment.
- Educated children, teens, and adults on proper oral hygiene techniques for braces and aligners, emphasizing the prevention of cavities, demineralization, and gingival inflammation.
- Collaborated with orthodontists and a pediatric dental specialist to monitor periodontal health, identifying and addressing concerns that could impact treatment progress, especially in younger patients.

General Dentist

Private and Institutional Practice — Cali, Colombia

Jan 1992 - Jul 2002

- Provided comprehensive general dental care in a private practice setting, with a strong focus on prevention, patient education, and restorative procedures.
- Collaborated with a public health institution in partnership with Colgate to provide dental care and oral health education to underserved communities in Cali.
- Active member of a periodontal study and research group led by Dr. Jorge Enrique Soto, Director of the Postgraduate Program in Periodontics at Universidad del Valle; contributed to literature reviews, clinical case discussions, and academic seminars.
